Olon –Aastrid Association

- ✓ Olon Group is a global leader in the development and production of active pharmaceutical ingredients for CDMO and Generics, a reliable and preferential partner to the pharmaceutical, biotech and specialty ingredients markets.
- ✓ Headquartered in Rodano (Italy), we have 11 manufacturing facilities – 8 located in Italy, 1 in Spain, 1 in the USA and 1 in India, all compliant with international requirements, and 3 branch offices. Two of these facilities (Capua and Settimo Torinese in Italy) are biotech centers, while the one in the USA is fully dedicated to R&D.

We have been supported by Aastrid's team for 4-5 complex chemistry project from initial stage till final commercial stage, We appreciate them for below

- Positive approach & quick response
- Selection of proper chemical route
- Timely documentation support

Olon –Aastrid Association

*We from Olon Wish Aastrid all the best
for their new plant Inauguration and
looking forward to develop more and
more project*
